

CORRIGENDUM

Short Communication entitled "Chelate between Copper (II) & *p*-Nitrobenzene Azochromotropic Acid", 1 (No. 6), (1963), pages 270-71, the structures (I) and (II) for chromotrope-2B (CTB) and Cu (II)-CTB chelate, proposed by Sommer and Hniličková, and Sangal and Dey respectively were inadvertently not included during printing. The structures are:

ERRATUM

Paper entitled "A Simplified Procedure for the Synthesis of Flavones, Flavonols & 2-Aroyl-pumaran-3-ones", 1 (No. 9) (1963), pages 382-85, the molecular formula printed on page 385 (L.H. column, 9th line) should be read as C₂₉H₁₈O₇ instead of C₂₂H₁₄O₈.
